

SUCCESS INDICATORS

Strategic Plan 2025–2028

Success indicators are measurable outcomes used to monitor the district's progress toward achieving its strategic priorities. These indicators help the Board of Education and stakeholders evaluate effectiveness, celebrate successes, and identify areas for continuous improvement.

Student Achievement

- Student academic growth and achievement
- Graduation and promotion rates
- Attendance and chronic absenteeism
- College, career, and workforce readiness
- Participation in advanced coursework and career pathways

Community Engagement

- Family and community engagement opportunities
- Stakeholder survey results
- Communication effectiveness
- Community partnerships and volunteer involvement

Programs

- Student participation in extracurricular and co-curricular activities
- Availability and quality of academic and support programs
- Student access to enrichment opportunities

Financial Stewardship

- Balanced budgets and long-term financial stability
- Responsible use of district resources
- Grant funding and operational efficiencies

Facilities & Operations

- Safe and secure learning environments
- Completion of facility improvement projects
- Preventive maintenance and operational efficiency

One Team. One Purpose.

Using data to drive continuous improvement for every student.
